■ PROFILE

Passionate Cybersecurity Analyst with 2+ years' experience in threat detection, network security protocols, and risk assessments. Demonstrated success in conducting Red Team/VAPT assessments and implementing incident response strategies. Skilled in safeguarding infrastructure and monitoring for breaches while applying security best practices to mitigate risks. Focused on leveraging advanced tools to enhance organizational security and ensure data integrity.

● EXPERIENCE

Cyber Security Analyst **CyberSapiens United LLP** **11/2023 -02/2025**

- Collaborated with the security team and conducted VAPT/Red Team assessments on assigned client targets, provided remediation measures for reported vulnerabilities. Reported 100+ vulnerabilities on various systems.
- Specialized in Web Application and Thick Client Security.
- Handled mentorship duties for cybersecurity intern/trainee batches. Conducted webinars and practical demonstrations in lectures. Mentored over 500 interns. Taught 35+ Web App Vulnerabilities.
- Researched emerging threat trends, vulnerabilities, and adversary TTPs.
- Studied the installation, configuration, deployment, and operation of various network/endpoint security, SIEM, and SOC solutions.
- Conducted technical round interviews for Interns and Security Analysts.

Cyber Security Intern - Red Team **CyberSapiens United LLP** **11/2022 -11/2023**

- Conducted Red Team/VAPT assessments on client targets.
- Practiced manual Network/Web Application VAPT.
- Open Bug Bounty/VDP Hunting - Reported 50+ bugs.
- Conducted practical threat research.

● EDUCATION

- B.Sc. (Hons.) Forensic Sciences, Major - Digital Forensics & Cybersecurity | Jain University | 2019 – 2022
- B. Tech Mechanical Engineering | PES University - Discontinued | 2014 – 2018
- PCMB | St. Joseph's Pre-University College | 2012 – 2014

● CERTIFICATIONS

- Certified Ethical Hacker- CEH v11 - EC Council
- Qualys Certified Specialist – Qualys
- Thick Client Application Security Expert - The Hacktivists
- Network Security Support Engineer – Fortinet
- Professional Certificates : <https://tinyurl.com/3h5adek2>

● SKILLS

- OSINT
- Web Application Security | Network Security | Cloud Security
- Digital Forensics and Incident Response
- Malware Analysis | Reverse Engineering
- Manual Network and Web Application VAPT
- Thick Client Application Security
- Threat Hunting | Threat Intelligence Research
- Risk Audit and Analysis | Compliance Auditing
- SIEM, SOAR, SOC
- Splunk | Microsoft Sentinel/Defender | Cortex XDR | Fortinet | Qualys | QRadar | Wazuh
- Communication | Professional Training | Team Management
